

## Coco Don't

Don Johnson

Coco don't try with gentle persuassion  
to light conversation could be very nice  
I hear your voice as soft as the night dear  
but Coco it's not fair it's too high a price  
I said no don't Coco don't  
don't start something or we'll both be sorry  
don't Coco don't Coco don't go  
Coco our love there's nobody watching  
we both know my best friend's in love with you  
hard to be straight so strong is the feeling  
but Coco there's something I just can't do  
I said don't don't Coco don't  
don't start something or we'll both be sorry  
don't Coco don't stay a little while  
let me see you smile don't Coco don't  
don't start something or we'll be both or we'll both be sorry  
don't Coco no Coco don't call  
Don't come and try and pretend you won't understand what I say  
you see I'm crazy and you've got no mercy anyway anyway  
hey listen to what I say  
Don't Coco don't I need a friend right now  
don't don't Coco don't don't start something we'll both be sorry  
don't Coco don't I want you but I just can't have you girl now  
don't Coco don't there's someone else to consider  
don't Coco don't so strong is this feeling
