

# If You Can Dream

Don McLean

If you can dream as dreamers do  
Then foolish schemes can all come true  
And fate may shine it's light on you  
If you can dream

If you can love as lovers do  
Then stars above will shine on you  
And love will make your dreams come true  
If you can dream

But beware, yes, beware  
There is trouble, and there's danger there  
And life can hurt the few who care  
And who can dream

So, if you can dream as dreamers do  
Then guard the deepest part of you  
But do whatever you must do  
To keep your dream

Yes, do whatever you must do  
If you can dream
