

Resurrection Man

Don McLean

You have been to the mountain top
And you've danced with all the stars
But on your way down, you forgot
Just exactly, exactly who you are
Remember the man, who raised up the dead
Gather yourself now, and hear what he said

Take time for reflection
Of a Lord's resurrection
And remember, you're part of his clan
Resurrection man
Resurrection man
Resurrection man

Resurrection man
Resurrection man
Resurrection man

When you followed your heart
And you chased down all your dreams
And your mission, that you had in this world
Is finished, so it seems
That street corner Jesus, is crazy it's true
But the gospel he's preaching, is meant just for you

Take time for reflection
Of a Lord's resurrection
And remember, you're part of his clan
Resurrection man
Resurrection man
Resurrection man
