

# The Lucky Guy

Don McLean

And I'm the lucky one  
I'm a lucky guy  
When it comes to love  
You're the reason why  
You're the reason why  
We've been having fun  
When it comes to love  
I'm the lucky one

You're a silver swirl  
And a crystal maze  
You're a lazy girl  
On a silken shade  
You're a royal flush  
And a string of pearls  
You're a champagne blush  
And you're the best of girls

And I'm the lucky one  
I'm a lucky guy  
When it comes to love  
You're the reason why  
You're the reason why  
We've been having fun  
When it comes to love  
I'm the lucky one

You're a [?]  
And pretty blue high heels  
You're a chingeling  
Oh with a diamond ring  
You got a tender touch  
And a searching eye  
And you're much too much  
For any other guy

And I'm the lucky one  
I'm a lucky guy  
When it comes to love  
You're the reason why  
You're the reason why  
We've been having fun  
When it comes to love  
I'm the lucky one

When it comes to love  
I'm the lucky one  
Yeah when it comes to love  
I'm the lucky one
