

You're My Little Darlin'

Don McLean

You're my little darlin'
You'll always do me right
You're my little darlin'
Come and hold me tight

You're my little baby
You'll always make me proud
You're my little baby
Sent here from a cloud

Got your mama's beauty
Got your daddy's eyes
Got me where you want me
Comes as no surprise

Always on my memory
Always on my mind
Always gonna help you
Always to be kind

You are such an angel
You are such a friend
You are like a rainbow
With gold at either end

You're my little darlin'
You'll always do me right
You're my little darlin'
Come and hold me tight
