

# You've Got Such Beautiful Eyes

Don McLean

You've got such beautiful eyes  
Tell me what you see  
You've got such beautiful eyes  
You got your eye on me

Can you see the future?  
Do I really stand a chance?  
You've got such beautiful eyes  
This is a real romance

You've got such beautiful eyes  
I can see deep inside  
You've got such beautiful eyes  
I'll bet sometimes they cry

You never saw it coming  
When he broke your heart in two  
You've got such beautiful eyes  
I'd never do that to you

You never saw it coming  
When he broke your heart in two  
You've got such beautiful eyes  
I'd never do that to you

Guys will act strange  
They'll try to change  
Around a girl like you  
They'll leave their pad  
Their mom and dad  
And everyone they knew

They'll do right if it pleases you  
Do wrong if you command  
[?] salute  
Give chicks the boot  
To keep you close at hand

'Cause you've got such beautiful eyes  
I can see my reflection  
You've got such beautiful eyes  
I guess I'll change my direction

Here's what I'll do  
I'll follow you  
You seem to see the light  
You've got such beautiful eyes  
They're all I can see tonight

You've got such beautiful eyes  
You are all, you're all I can see  
You're all I see tonight
