I'm trying to calm my nerves
(Trying to calm my nerves)
Girl, you're turning me on
Rrra

I need to play

I'm never away
(On)
Rrra

I freak with you all day or night yeah
When you're working all your curves
(Mami, I see you work with that)
I wanna get to you alone

Rrra
Move it all
(On)
Rrra
Your body and rave
(On)
Rrra
I see what you're all about

Esa baila y besa encima de una mesa
Y en una bola vuelve a tu cabeza
Daría todo por su dulce fresa
Y si sus pecados confiesa no es ni con cerveza

Baila como diosa sobre la luna
Un beso de ácido que me tortura
Una pastilla en perfecta cintura
Y es una droga que me cura tortura

She's a dance floor superstar
All the fellas wanna be right where she are
All the ladies wanna dance just like she do
But they can't so they end up watching too, hey

She's got that fire down her bones
She makes me want to take her home

And you can tell she ain't scared of it
Working girls and boys she's sharing it
So hard for me to not stare at it
But she's throwing it like she don't care with it

Baila como diosa sobre la luna
(Sencillo)
Y en una bola vuelta tu cabeza

(El Rey)
Baila como diosa sobre la luna
(El Pentagono)

Y en una bola vuelta tu cabeza
Baila como diosa sobre la luna
Y en una bola vuelta tu cabeza
Baila como diosa sobre la luna
Y en una bola vuelta tu cabeza

Baila, baila, baila con cerveza
Y en una bola vuelta tu cabeza
Baila, baila, baila con cerveza
Y en una bola vuelta tu cabeza

Baila como diosa sobre la luna
Y en una bola vuelta tu cabeza
Baila como diosa sobre la luna
Y en una bola vuelta tu cabeza
