

F.M.L. (Fuck My Life)

Don Omar

Tonight I was walkin in the street
They took my phone and money
Now all I have is this beat
You can't take that from me
Fuck this
Fuck that
Fuck you
Fuck my life

Oye loca, I am loco
I sip it on Red Bull
Mix with that coco
I'm the most sleeped off
The floor needs no dogs
I'm on flashing
I got on my polo

We party hard
All fucking night
Drink till I'm drunk
You're fucking right (You're right)
Stars, them flashin lights
And back to working at morning
Fuck my life

Tonight I was walkin in the street
They took my phone and money
Now all I have is this beat
You can't take that from me
Fuck this
Fuck that
Fuck you
Fuck my life

Put your drinks in the air
Put your drinks in the air
Put your drinks in the air, air
If you don't care
If you, if you don't care
If you, if you don't care

Oye loca, I am loco
Sippin on con agua de coco
So that is Miami we take over the bongo
Come on mister Bentley
We're ready to go go

We party hard
All fucking night
You smell some scotch
You're fucking right
Mister scotch
Party rockstar
You think I'm drunk
Don't fuck it, go get my car

Tonight I was walkin in the street

They took my phone and money
Now all I have is this beat
You can't take that from me
Fuck this
Fuck that
Fuck you
Fuck my life

Put your drinks in the air
Put your drinks in the air
Put your drinks in the air, air
If you don't care
If you, If you don't care
If you, if you don't care

Loca mía, donde anda metida
Que te ando buscando
De noche y de día
Loca mía, donde anda metida
Que te ando buscando
De noche y de día

Man I just lost my job
Disconnected my phone
If fucking bills collects this
Tell em leave me alone
We just came here to party
Tryin get in my zone
Tell em I just blew my money
On a bottle of Patron

Tonight I was walkin in the street
They took my phone and money
Now all I have is this beat
You can't take that from me
Fuck this

Fuck you
