Got a Jewish lawyer for the case
Got a new rari for the chase

I cannot fuck with you internet hoes, you way too Mixxy now
I cannot fuck with you regular hoes, I'm way too picky now
I'm signing my name on her titties
I'm back stage next to Diddy now
With a semi that's known to defend me
Cause they wanna end me and send me down
I came in the game with all heat
Next tape going all street
In BK like 4 deep
Them bitches been showing me groupie love all week
Three lines help me sleep fine, ride shotgun then I recline
Money coming and I need mine
They gon air the block & then rewind... like WAIT
Lil boys should be ashamed
Ashes falling on the mains'
Remember starving on the train
Now I'm drinking Barney on a plane
When we in the dealer , car full of paraphernalia
I pray to the man in the mirror
I am a god, I can't be scared of these niggas
I shook the hands of a killer
Niggas silly they just rap hard
Treat the giftty like a black card
Treat this city like my backyard
Tried to hit me with a crack charge
It's a proudct cause they criticize it
But they go home and then they memorize it
Hit the road I had to enterprise it
One goal I need a hundred thousand

I tell you my zone real
I got hoes [?]
Got young niggas letting chrome peel
And they'll kill a nigga for his phone bill
Niggas is praying I die soon
But I'm still in tune with the power movers
Dealing weight since they was high schoolers
On the interstate tryna dodge troopers
I pray for a lick, [?]
He got my jewelry on Jack Frost
I'm just securing the bag more
Look ... the students is copping it
I'm bringing them pills on a college trip
Ice on my neck Ima show it off
It's a waterfall when the college rip
I'm from a block where they powder pinch
But outta town really got em' rich
Got some shit on my shopping list
Ima go cop it right when I deposit it
Louis Vuitton, I'm truly the Don
They give me champagne when I step in it
I'm buying what's left in it
They calling me back with a next shipment
I go to the club with bottles & ones & I leave a mess in it
I see what these bitches would do for a dollar & I got em [?]
I pop me a perc & I jump in that pussy
She think I'm possessed in it
I'm right out the door in the next minute
I'm back on the road I got checks pending
