I know you think it's crazy how I met you

But I want you to be my bitch this time, ugh

First I actually spotted you was at Lenox Mall (Yeah)

That lil' figure make a nigga wanna spend it all (True)

Ain't know if you was like the rest so I had to test it (Yeah)

Guess that little move I pulled wasn't that impressive (It wasn't)

Had a chance to score but I fumbled that possession (Yeah)

Five star your star lifestyle, kept you out of that dun' (What else?)  
Got you rockin' new ice now, leveled up your persona (Yeah, yeah)  
Wending band rings, that's what hella bands bring (Bands bring)  
Sound beautiful as a musical when the bands sing (Bands sing)  
Don't wanna talk about the problems that your man bring  
Better without him, so don't worry 'bout a damn thing  
Yeah, come to bitches I got several (But what?)  
But you the one I always fit up in my schedule
