

No Doubt

Don Q

Get the bag and then I roll out
Naked bitches 'round my whole house
Turned a mansion to a hoe house
Hustle even when it's cold out
It's JoeFromYO
Can't leave the trap until it's sold out
Bout that money, nigga no doubt
Bout that money, nigga no doubt

I seen Bubba make a quarter and I got encouraged
All it took was some hustle and courage
Bitch, I'm a God, I shall be worshipped
My shit like the Bible, they study my verses
Shoppin' at Europe, you know what I purchased
No need for a stylist cause I come out shirtless
Trap out the Condo but I keep it furnished
I make a play then I front all the workers
Pineapple syrup, it keep nursed
Pardon me if I sound slurred
Had too much doses, they twistin' my words
I just took my third, my vision be blurred
I do not know bout no shootin' or murder
I was out in Hawaii back when it occurred
They chasing clout, all this shit absurd
But I don't open my mouth, I just sit and observe
Ain't no more back and forthin' on the media
Shit if it's that important, put a fee on you
Get what you askin' for you, killers come seein' you
I seen you backin' off, we don't believe in you
You think you swaggin' more, I don't agree with you
Don't know the Don? Go and ask Wikipedia, nigga
I throw up that money like I got bulimia
I'm way too extreme for her
Life as a Don (bitch)

Get the bag and then I roll out
Naked bitches 'round my whole house
Turned a mansion to a hoe house
Hustle even when it's cold out
Can't leave the trap until it's sold out
Bout that money, nigga no doubt
Bout that money, nigga no doubt

Don't even mix me up with all the foolishness
I put your name on my "who I'ma ruin list"
Seats on the play cause I rizzed up the Stewardess
Just me and the gang, yeah that's who I maneuver with
You tried to play me and thought I was cool with it (Lil bitch!)
You must be the stupidest
You had no sauce in your life, I included it
Bitch, when I go off, it ain't no defusing it
I took my razor and I went to school with it
They tried to take my lil pack I was moving with
Wasn't afraid to go cray and start using it
Hustlers I knew 'round the way, my influencers
Boogie got me dipped in all of this Puma shit
But it's free so I just bless all the hooligans

Ran with this sound since I been introducing it
Burn up a pound in the air, I'm polluting it
Life as a Don

Get the bag and then I roll out
Naked bitches 'round my whole house
Turned a mansion to a hoe house
Hustle even when it's cold out
Can't leave the trap until it's sold out
Bout that money, nigga no doubt
