

Vroom Vroom

Don Q

(Murda on the beat so it's not nice!)

I get déjà vu when I'm with you, feel like I've been here before
Right here on my arm, yeah that's where you belong
I won't leave you 'lone, girl I'm tryna show you off
Take you to the mall, get whatever you want
You're perfectly imperfect, girl I love all your flaws
Everytime I'm off the perky, I be all in your walls
Have you screamin', have you squirtin', 'til you can't take no more
Living the fast life, in the fast car
Vroom-vroom, vroom, vroom-vroom

I be paranoid as hell, nigga that's why I move the way I move
She don't even do drugs, but she gon' do it if I do
And every nigga with me, a hunnid they gon' shoot if I shot
Put a stain on a nigga, yeah, yeah, literally
If I can call you my brother, nigga your opp is my enemy
I can tell you hatin', just by your energy
Niggas ride for that bread, they probably tellin' for free
Rest in peace Kobe, I will never switch on my team (Switch up)
