Don Q

What up, blood?  
What up, cuz?  
What up, gangsta?  
Yeah, uh

What up, blood?  
What up, cuz?  
What up, blood?  
What up, cuz?  
What up, gangsta?  
What up, gangsta?  
What up, gangsta?  
Yeah, uh

Every time I turn the news on, it's a dead body on the screen  
Might play the lobby with my jewels, I can still party with the fiends  
I slept next to killers, I'm the definition of a dollar and a dream  
Could never mix the pleasure with the business, you know bitches try to inter-  
vene  
Tell me why they sending insults, I got youngin's shootin' off of impulse  
Yeah he toting poles cause he's lit by the street  
He unload his hammer and spinned off  
No shows, but I still gotta eat, I told all my scammers to send sauce  
Plenty of times, yeah I tried to spin, but I never know what my sins cost  
They think I be bullshittin' when I try to tell 'em that we really on it  
I got a full clip with every top opp scribbled on it  
Got pressed with the rocket and traveled to court, but I couldn't dribble on  
it  
All my rhymes, I'm expressing my thoughts, I can't put no fibbles on it

What up, blood?  
What up, cuz?  
What up, blood?  
What up, cuz?  
What up, gangsta?  
What up, gangsta?  
What up, gangsta?  
Yeah, uh

Hold on, what's poppin'?  
No top on the coupe, tell her hop in  
Tell a bitch let's go shopping  
If punchin's hit like Hopkins  
I could do what I please, leave out the league, come back, get a ring like R  
odman  
I don't like no tease, bitch, get on your knees, don't use no teeth, just mo  
uth  
All this makeup she leave on my Louie V carpet  
Literally, niggas see me playing possum  
They [?], cause these niggas forgot me  
From the first tape, had to show these niggas what the word play 'bout  
We used to serve yay in the trap house with the work layed out  
My homie came home from a bid, tried to do a hit on his first day out  
You got a family to feed, my nigga, you know what you worth, stay out  
But he just a thug, yeah he just a thug  
He just wanna be gangsta, don't know nothing but gangstas

What up, blood?  
What up, cuz?  
What up, blood?  
What up, cuz?  
What up, gangsta?  
What up, gangsta?  
What up, gangsta?  
Yeah, uh
