

## Around

Don Toliver

Are you around?  
Are you around, babe?  
I need you to call  
I need you to call, babe  
Don't be afraid (Ha, ha)  
I just wanna conversate (Ha, ha, ha)  
Are you around?  
I need you to call, babe

I need a piece of your own lovin'  
Why you stole my heart like a oven?  
Take me now or take me down  
Now you wanna come and kill me now  
Turn in your love  
I done drowned in love, you're always runnin'  
Runnin', havin' lots of fun and  
Ridin' 'round town, ain't carin' about nothing

Are you around?  
Are you around, babe?  
I need you to call  
I need you to call, babe  
Don't be afraid (Ha, ha)  
I just wanna conversate (Ha, ha, ha)  
Are you around?  
I need you to call, babe

She my love, don't go away  
Stay around and don't go out of state  
It's a matter of time before my big break  
I'm knowin' that it's comin', I can't take the wave  
I'm ridin' in the Rov', I had no place to go  
I'm lookin', you know, you diggin' a pot of gold  
It's a no no no, you can't touch my bill folds  
One way to go, I can't trust you no more

Are you around?  
Are you around, babe?  
I need you to call  
I need you to call, babe  
Don't be afraid (Ha, ha)  
I just wanna conversate (Ha, ha, ha)  
Are you around?  
I need you to call, babe
