

## Back Up

Don Toliver

Ohh, I had to get back up (Back up)  
I had to get back up  
Yeah, I can't take no loss (Mhm)  
You better call back up  
I really be down to finish  
I don't play get down and get it  
Talk 'bout that come slide, I'm with it  
Niggas see me now, on God I'm litty  
I know that you tryna go big  
Better run up the cash, I love to spend  
Better kill it and did it again  
I'm ready in 10 know I'm down to win  
I can't feel bad about it (Uh-uh)  
I know you sad about it  
Know you sad about it (Okay!)  
Know you sad about it (Uh)

I just got bags from Prada  
Rolling up marijuana  
I'm in a brand new model  
It'll be here tomorrow  
I don't got fears or problems  
Only got real ones round him  
Only got P's and ounces  
It took a week to count it  
Then I re-back up  
Name the place and we back up  
Running these racks up  
Hunnid mills what we after  
Dying from laughter, when it comes to hand outs never had one  
Smoke with a bad one  
Made a mill today, It ain't my last one

Ohh, I had to get back up (Back up)  
I had to get back up  
Yeah, I can't take no loss (Mhm)  
You better call back up  
I really be down to finish

I'm moving too fast, I can't stop  
Wiping it down when the paint hot  
Left hand on the wheel  
I'm closing the top when the rain drop  
I'm keeping the game in a headlock  
When [?] the block, they my dreadlock  
In the endzone, with the man down

One phone call, get it dead stop  
I feel like I own the season  
Say one thing, just give me a reason  
Know you're mad, I'm undefeated  
Top dog, making it even

Ohh, I had to get back up (Back up)  
I had to get back up  
Yeah, I can't take no loss (Mhm)
