Oh, oh, uh Ross

Hit it two times for the one time (One time), fucked her one time
On the low 'cause she know I can't go (Oh)
Got her best friend and an old girl (Best friend)
As a new girl that I fucked that I didn't even know
Right about now, I'm rolling (Right about now)
Off of two pills and the soda out to Texaco (Yeah)
Don't ask me what I'm holding
Doing these drugs is a part of that show bizz

Outta my mind, been lately (Outta my mind)
Too much money, can't make me (Too much money)
Pull up, damn, she naked
Damn, she naked
Outta my mind, been lately (Outta my mind)
Too much money, can't make me (Too much money)
Pull up, damn, she naked
Damn, she naked

I done lost you once, ain't tripping on getting you back (You back)
Me being down, who me? I'm the best you had (Best you ever had)
Best you had (Ooh, yeah)
Best you had (Ooh, yeah)

Me and you talking, go on and on (Yeah)
You suck the cooler, the heart and soul (Oh)
All of you, baby, I'm all in all
You gave me head with no Tylenol
Fucking this club, can be hard to fuck
My heart is bigger than all of y'all (Yeah)
Pull up the function, I'm calling my dawg (Ooh)
