

Bus Stop

Don Toliver

By the bus stop
Most of the room didn't make it, the kid was like
How can I get my baby back? I want my baby back
What about the girl in the drop top, top, top
Top, top, top, top, top, top, top, top
How can I get my baby back? I want my baby back (Oh, oh, oh, oh)

Okay, what about the girl in the drop-top
With the lollipop at the light, by the bus stop
Most of the room didn't make it, the kid was like
How can I get my baby back? I want my baby back

Oh, yeah, that shit go, yeah
Oh, yeah, that shit go, yeah
Oh, yeah, that shit go, yeah
Oh, yeah, that shit go, yeah

Felt the love between us when we met
Don't be afraid, I guess I'll be right there
I need you to do this when I say
Knowin' it was destined, I can be your best friend

And I guess you love to fall
Since you came back, I am not involved
She said "Do you still love me? ", I said "Not at all"
Please don't wait, I won't be here long

Oh, yeah, that shit go, yeah
Oh, yeah, that shit go, yeah
Oh, yeah, that shit go, yeah

I need you to, and I want you to
Fall in love with no issues
Yeah, I did you wrong, but I miss you
It's not my fault, it's some you knew

And I guess you love to fall
Since you came back, I am not involved
She said "Do you still love me? ", I said "Not at all"

This is for my bitches in the drop top, it don't stop
You could bring a friend or you might not (Ooh)
This is for my bitches in the drop top, it don't stop
Might fuck your friend or I might not
Fuck a winner now (Oh, yeah, that shit go, yeah)
Quit just sayin' "No", I say anything goes
It ain't a thing to me, show me with your friend
She don't gotta be an enemy
This ain't my first time on the road, I got not a cold
And that ain't a thing to me
It's two of y'all and one of me, let's make it three
This is for the bitches in the drop top, it don't stop
You could bring a friend or you might not (Might not)
Fuck a winner now
