Don Toliver

Mustard on the beat, ho

I ran them bands up, I make it bust
I wanna dance, baby, I ain't in no rush (Huh)
I wanna fuck with you, I'm tryna (Fuck)
I wanna fuck with you, I'm tryna fuck (Get in that)

My diamonds pavé, they be doin' sign language
I'm down with your friends and them hoes that you came with
Okay, I'm outside, wrap my baby in a blanket
Okay, I'm outside, you can meet me at the banquet
Just ran up all your guala, dawg, I'm ten, yeah, that's the basis
You wanna tell a lie, can't tell the truth 'cause you can't face it
I wanna take you out, lil' baby, let me taste it
I wanna take you out, lil' baby, let-
Side by side, goin' up with your best friend
We be duckin' out, we be- at the Westin
I was at the hotel for my dawg, I'm a best man
Me and shawty crushin' in the back on a webcam

Water, I got my juice, I got my gun in here
Whoa, baby, yeah, get loose, yeah, have some fun in here
What? Yeah, I ain't stupid, I got my gun in here
Whoa, better get loose, yeah, have some fun in here

I ran them bands up, I make it bust
