

INSIDE

Don Toliver

Ain't that time
Ain't that time
Anytime, anytime
Inside with you
Inside with you

Ain't a time that I'm not outside I don't realize that I should be inside
Inside with you
Inside with you
Ain't a time that I'm not outside I don't realize that I should be inside (O
utside, uh)
Inside with you
Inside with you (Talk yo' shit)

Might need that Mercedes back (Back)
Southside, baby (Southside)
Inside crazy
Outside, baby (Outside)
Throwin' fours on the daily (Okay)
Swingin' 'bows on the daily (Swingin')
Yeah, I squeeze, I need, I need
More self, higher (Yeah), my hands, your speed
I ain't know it's not no contest
Four ones, let's be honest
Fall out sweet, got a contest
Nights like this, I could die, yeah
Night, night, night (Ooh)
Night, night, night, night, night (Ooh)
Night, night, night, night (Ooh)
Night, night

Ain't no time that I'm not outside I don't realize that I should be inside
Inside with you
Inside with you
Ain't no time that I'm not outside I don't realize that I should be inside
Inside with you
Inside with you

It's the first of the month, stop actin' frontin'
You know that you don't need my money
Could you hear me? Then I'll meet you Monday
The Sun come risin' in, I bet you come in
My sports car will need a min'
Better beat me there, better meet me there
You wanna ride all night long?
You better do me right, better hold on, yeah
It's comin' in hot, heavy, I need it, what's goin' on?
You're shakin' out the box when I read it, take your panties off, yeah
I know see my text, gon' delete it, don't tell 'em all, yeah
Hit it and hit it again and go on, repeat it, 'peat it, 'peat it

Ain't a time that I'm not outside I don't realize that I should be inside
Inside with you (Yeah)
Inside with you
Inside with you
Ain't a time that I'm not outside I don't realize that I should be inside (O
utside, uh)

Inside with you
Inside with you (Talk yo' shit)
