

## Situation

Don Toliver

I'm in this situation, I'ma hit that boy with the spaces  
And I don't feel no wrong with you, dependent on your playlist  
I'm only hit, I know she bad, I got up on your A-list  
I turned this stuff, better to relapse, I'm warming up your faces

Two-step to that party (Party)  
Backstage, Jeff Hardy, put in that chokehold, Worldstar  
Sound like a new car when I bought it  
I always dreamed 'bout this lifestyle and happiness  
Now that I got mine, I sit back and reminisce

Please don't test me, I pop pills like M&M's  
Better stack my M&M's, smoke good with my kin and them  
No joke, rock Eminem, and I like my dinner rare  
And I just arrived and dined in LA, R.I.P. to Nip  
So pour a four, R.I.P. to Pimp  
I know y'all want my chips, but I still got all my dip  
Remember that .38 (Eight) was still here on my hip  
I'm a gunner, how I live  
I'ma gunner, how I live (Yeah)
