

Time Heals All

Don Toliver

You know time heals all, I ain't sweatin' (Yeah)
I'ma beat it up until breakfast
Lookin' in the mirror, no flexin'
Swervin' through LA, my private dancer

Shawty got me in her room (Mm)
Knowin' that I'm in the mood (In the mood)
I be showin' you a thing or two (Yeah, yeah, yeah)
Is your life a whirl?
Drop and dance on the pole, it be cool then I let you go-o-o-o
For the Rodeo, ooh-ooh-ooh

Show me how you do that, need tutorial (Ooh)
Know when you dancin' on that pole, it's choreo' (Ooh)
A work of art, the silhouette it's like memorial (Uh-uh)
I'll work your back and work your heart, just how the story goes
And, you said you would never tell a soul, but you're breakin' your promise
And breakin' your code
Want me to creep around or keep around?
You gotta be on your toes
You said you love me and it shows (Show)
You were backstage at my shows
I want you back, yeah, you don't know
And, now the phone rings (Phone rings)
Fuck around and call you first 'cause you're special, bae (Uh-uh)
And the way I put it down, I'ma drive you crazy
You feelin' like a winner, it's 'cause I let you, baby
