

# Hindsight

Don Trip

Uh  
(DTdaKidd)  
(Beat those drums), damn

Huh, gave it my all only to find out that wasn't good enough  
Somebody crossed me, quickly taught me that I shouldn't trust  
Don't know what happened, man, my heart used to be full of love  
Draw back that curtain and it feel like someone pulled a rug  
I left the state tryna get plenty, I went to the plug  
I beat the case like OJ Simpson with a little glove  
They still puttin' Cup in jail for what he put in cups  
Still with the shit just like a diaper, yeah, I'm pullin' up

Scars on my heart and I learned from all and  
I guess you call that experience  
Some of those scars might've caused nerve damage  
Goddamnit, am I ever gonna feel again?  
I never waste my time wonderin' what could've been  
Everything things bigger on the outside lookin' in  
Championship Trip, still never gon' forget  
All the blood, sweat, and tears that it took to win  
I said I'm fortunate, but still got a long list of shit to do  
Just for us to make it through probably take a miracle  
Nothin' goes as planned, but don't ever let that get to you  
As long as the man in the mirror still resemble you  
If we knew better, we'd do better, maybe  
But I don't live with no if, ands, or maybes  
You ride with regret down memory lane  
Then chances are, you probably gon' drive yourself crazy  
Wishin' and wishin' that you did shit differently  
Little heartbreak got you holdin' onto memories  
If only you can travel back and time and fix the whole thing  
But life don't come with no control-Z  
A nigga vision get cloudy  
The voice inside my head couldn't get any louder  
We all wanna wish, ain't nothin' silly about it  
'Cause I wish Heaven had visiting hours  
Life is but a dream, wake me when I'm dead  
Maybe then, the pain might ache a little less  
Maybe shit hurts 'cause I don't take enough meds  
Eyes wide open, I could take some more rest  
Can you stand the rain? Every day ain't all sunny  
Focus on the pain, no, focus on the money  
Had I known better, would've saved every penny  
Now I see the picture clear, hindsight twenty-twenty

Huh, gave it my all only to find out that wasn't good enough  
Somebody crossed me, quickly taught me that I shouldn't trust  
Don't know what happened, man, my heart used to be full of love  
Draw back that curtain and it feel like someone pulled a rug  
I left the state tryna get plenty, I went to the plug  
I beat the case like OJ Simpson with a little glove  
They still puttin' Cup in jail for what he put in cups  
Still with the shit just like a diaper, yeah, I'm pullin' up

Long live Pif  
(DTdaKidd)

(Beat those drums)
