

I Know

Don Trip

(DTdaKidd)

(Beat those drums)

I know why they mad at me, I know why they pissed
They keep tryna put a stop to me, but I persist
Sorry, I don't quit, I never learned how
No matter how many hits I take, I won't throw in no towel
Glock on me right now, you might wanna jot this down
If you run up on me, I'll put your life in the lost-and-found
Screw on that suppressor so you might not hear a sound
My house is fully furnished, but I still don't like to lounge
The money never sleeps, and that's okay with me
I'm up all night anyway, I might as well count some cheese
You might wanna take some notes, you just might learn some things
I step out the vocal booth, I left a murder scene
Bitch, it is what it is, shit ain't just that complicated
You get murdered in the streets, ain't no worker's compensation
You got watches, you got chains, you got cats that wanna take it
They got tables at the morgue, you don't need no reservation
I'm a motherfuckin' radical, I grew up with animals
If you can't pay your tab, they take your lady as collateral
You ain't got no work, ain't no such thing as no sabbatical
And that Pooh Shiesty mask is considered business casual
Teach a nigga to fish, he 'posed to never starve again
I got money on my line, I worked too hard to reel it in
Last of a dying breed and I feel like a hidden gem
And my pockets gettin' too heavy, might be time to hit the gym
I got jackers in my rearview and they don't think I see 'em
I'm gon' turn down this dead end and let it go with this FN
I'm a gladiator, you not safe inside my colloseum
All my niggas tryna eat, we can't do shit with no per diem
Took a fountain of success and filled my cup up to the rim
Know some guys that don't wanna leave the hood, they just wanna spin
I just cannot trust a person if they got too many friends
Say my life an action movie, oughta get this shit on film, word to Pif

Yeah

Long live Pif

Say my life an action movie, oughta get this shit on film, word to Pif

I know why they mad at me, I know why they pissed
(DTdaKidd)

'Cause ain't no stoppin' Trip
