

Lesson Plan

Don Trip

Yeah

Yeah, yeah

Yeah

Yeah

Yeah

Refreshin', yeah

Every time I lost, I learned a lesson, yeah

I can't give up now, I'm too invested

I put too much time inside this shit, my time is precious

I came from the block, never had a conversation with detectives

My auntie keep prayin' for me, she kinda overprotective

Either way, God bless us, fast money's infectious

We all could've been lawyers or doctors, professors, yeah

Or maybe not

Maybe runnin' with the sack the only play we got

The simple thought of goin' broke would give me fatal shock

You don't know how poor your aim is until you take a shot

You don't know who really love your ass until your paper stop

You don't know who really down to slide until you make the block, yeah

Claimin' you a rider, yeah, I bet you are

Shit hit the fan, you gon' be beggin' Don to stop the car (Let me out)

Turn that nigga date night to his gravesite

Hit the headlights, now these niggas got stage fright

Who wanna get it? Who want war with the boy?

I got that fire like I'm Michael wavin' aluminum foil

One monkey ain't stoppin' us, bet the show gon' move forward

I brought bananas for everyone and you Curious George

We made it out of the ghetto, but we ain't get no reward

Ain't what I signed up for, I think my signature forged

Wanted problems, I'm with it, bitch, bring it to me, let's do it

You talkin' violence, you speakin' my language, baby, I'm fluent

It's fuck whoever, whenever, wherever, however

How every minute I'm with it, we throwin' bullets if niggas blitzin'

I'm off my rocker, I'm glitchin', time on this bomb is tickin'

I give you niggas the business, don't ever fuckin' forget it

East side all the way up

Give you niggas the business, don't ever fuckin', yeah

Refreshin'

'Cause everything I lost, I recollected

The love ain't really real, I feel neglected

Ain't nothin' promised to me even if it's destined, yeah

Refreshin'

'Cause every time I lost, I learned a lesson

I can't give up now, I'm too invested

I put too much time inside this shit, my time is precious

Refreshin', yeah

Refreshin'

You think I give a shit, you got the wrong impression

Long live Pif
