

Paradise

Don Trip

Yeah

Yeah

I'm in paradise, you're my paradise

Yeah

Yeah (DTdaKidd)

I'm in paradise, you my paradise (Beat those drums)

I ain't in no rush

I just wanna overdose on you, I never wanna sober up

I just wanna rub that pussy like a genie lamp until it opens up

I just wanna chase your waterfall, baby, 'til you soak us up

I just wanna look you deep in your eyes and turn you to a total slut

Nah, ain't no shame in my intentions

Let's see who gives in first, I love bedroom competition

I touch all your private places, your lips are my point of interest

I dive deep inside of you, it's safe to say I got tunnel vision

And once I reach my destination, I'm goin' in for the win, baby

That pussy had a nigga tappin' out, now I'm comin' back for revenge, baby

When we finish, run it back again, baby, and again, baby, and again, baby

You volunteer for my demonstration, I'ma paint your walls like I'm renovatin
g

At last we have arrived at paradise

How I love your forbidden fruit, how you love my appetite

How you love when I take my time, take my time without wastin' time

Even when I got a busy schedule, I'll cancel somethin' and make some time

Love you like nobody business, I'm all in your pussy, they all in they feelin
gs

I know you can feel it, you scratchin' and squealin'

Your face in the pillow, your ass to the ceiling

Murder that pussy, you know I'm a killer

You know I ain't kidding, in love with a hitter

I got that dope, I got that dope

Look at you fallin' in love with your dealer

Look at you fallin' in love with the dope man dick

With every stroke, make it harder to quit

You try to fight it, it's hard to resist

The harder I hit it, the harder it gets

I'm an addiction, you gotta admit

Makin' you nut is my God-given gift

I got that dope that you never could kick

Now you pawnin' your shit just to get you a fix, now what?

Yeah, overdose on me, you never wan' sober up

Want me to rub that pussy like a genie lamp until it opens up

You want me to chase your waterfall, baby, 'til you soak us up

You want me to look you deep in your eyes and turn you to a total slut

I just wanna overdose on you, I never wanna sober up

I just wanna rub that pussy like a genie lamp until it opens up

I just wanna chase your waterfall, baby, 'til you soak us up

I just wanna look you deep in your eyes and turn you to a total slut

Yeah, I'm in paradise

You're my paradise

Said you're my paradise

Yeah

Yeah, I'm in paradise (DTdaKidd)

Yeah, you're in paradise (Beat those drums)
