Don Trip

They say I only rap about gettin' dollas
Uhhhhhhmmmm, hmmm
I don't see the problem
Pardon me, I thought niggas wanted outta poverty
Is it just me, if so, let me not stand in the way of your broke
ass destiny
It's the check for me, 'cause if I ain't there to get paid you
ain't got a check for me
Can't live broke, can't die broke, 'cause if I die broke, I can
't rest in peace
If money ain't yo necessity, then send yo muhfuckin check to me
Hit my line, you can reach me at 1-900-nigga-please
I'm disgusted online when I find my business in your debate
Boy, you believe anything you think Google can tell you what I
make
I ain't have to buy school supplies 'cause I never did stop get
tin' paper
Why are you focused on how I eat when you ain't even welcomed t
o my dinner table...

Say less

Yea, how you focused on how I eat when you ain't even welcomed
to the dinner table...

Say less

More money, less stress...

That's our lesson for today, class dismissed

I ain't interested in half the shit
You can't name a single ass I've kissed
Tony Montana showed me that the world was mine
Then I hopped my ass in a blimp
Momma made me drop a bag on the rent
Either that or we got have to pitch a tent
We know money talks, let's talk money
You ain't talkin' dollas you ain't making sense
Tell me, do you know how this shit feels, come home all your sh
it on the curb
If you know the feelin', then you know that free shit is for th
e birds nigga
