Stiener Brothers

Don Trip

(DTdaKidd)
(Beat those drums)

Call me the coach, captain, pilot
Shooter, hitter, rider, driver
Goon, goblin, pusher, problem
A1, certified, solid
Plant a seed, Stryker's Island
Highway to hell, hotboxin', autopilot
First-class flight, bitch, I'm glidin', slidin', smilin'
'Cause if Craig say get 'em, I got 'em
Green light, red beam, headshot him
Broad daylight, get shit poppin'
God as my witness, fuck who watchin'
Wanna go to war? Better bring a wallet
Pillow talkin', pocket watchin'
Get hit with this chopper, my pocket rocket
Your mama should've ate you or had an adoption
I kick it with killers and run with the robbers
Paper no problem, my paperwork proper
One of the ones that stayed solid and pushin' 'bout my partner
Gon' need God Himself to stop it
Ramshack shit from top to bottom
Catch a body, goin' out like Gotti
Chapo, Scarface, and top shottas

I guarantee you don't want no problem
All my dogs is off they collar, off they leash
I got some hitters I put on they feet
They owe me a favor, they'll kill you for free
I know some ratchet bitches in the street
They down to trick a nigga for a treat
Niggas do anything for some pussy, put a pussy nigga six feet deep
Pif, watch over me
You know how bad all the suckers want me out the way
You know how I'm comin', I'm a one of one and ain't no way I'm ever gonna be
 replaced
And I got the laser pointer on my waist
If you see me comin', go the other way
I'm a redshirt, NCAA
Other words, I ain't comin' here to play
Oh, but we still ballin', don't get it twisted, I make max contract
And the number-one rule is if you trade teams, you can't come back
Blacked out with that AR in the motorcade, poker face
I been gettin' to it, now these fuckers tryna ride my wave like a stowaway
Sorry, but you not one of us and you ain't never gon' make the cut
This here is a band of brothers and death the only thing can break us up
Even if I gotta drive, ain't no doubt about it, you know I'ma ride
Keep your name alive 'til we get to meet again in the sky
Long live Pif
