

# Table For Two

Don Trip

Let's make reservations  
(DT da Kidd)  
(B-Beat those drums)  
Table for two  
Yeah  
Table for two  
My sister can watch the kids

Yeah, table for two  
Just me and you  
That's perfect 'cause it ain't but two seats in the coupe  
Although, I love our babies  
As much as I do  
I think we deserve our own time, every blue moon

So go 'head and make us a reservation, wherever you got in mind  
Tonight, we on a different type of time, yeah  
How 'bout you wear that dress you try sneakin' by?  
The one with the slit missin' like a piece of pie  
Ain't no savin' me, I'm under yo' spell  
Baby, give 'em hell  
Everything Chanel  
Chanel perfume, Chanel head to toe  
How 'bout we book a room and throw Chanel on the floor?  
I plan to dive in it, but first, I wanna watch  
You my wife, but tonight, I wanna fuck you like a thot  
With all due respect, I pay your pussy homage  
And I want you to look me in my eyes while you cummin'  
Yeah, your nigga trufflin'  
Nasty and you like it  
Leavin' you is senseless, lovin' you is priceless  
You been workin' all week  
At least, you been pretendin' to  
Either way, I think we both agree, you need some tendin' to  
You deserve some tender love and care, let me pamper you  
Red light special, baby, we go crazy, sexy, cool  
Ain't no shame in me, I put my lady on a pedestal  
'Cause anything less is unacceptable

Table for two  
Just me and you  
That's perfect 'cause it ain't but two seats in the coupe  
Although, I love our babies  
As much as I do  
We deserve some alone time, every blue moon  
Table for two

Just me and you  
Perfect 'cause ain't but two seats in the coupe  
You know I love our babies, you know I do  
Yeah, it's just me and you  
Table for two
