

Trap'd In The Trap

Don Trip

No job, in the trap
Got my kids and my broad in the trap (in the trap)
Can't leave (can't leave)
It's a trap and I feel trapped in
In the trap, say I'm trapped
No job, in the trap (it's a trap)
Got my kids and my broad in the trap (in the trap)
Can't leave (can't leave)

In the trap, say I'm trapped in the trap

Said he graduated, he got his diploma
Got three kids, two baby mamas
Got a part-time job at MacDonald's
There ought to be reality, chauffer's drama
He owed child support so he got warrants
Got locked up, released the next morning
Post bail, lost his job same morning
Saving for a rainy day, it's 'bout to start pouring
Now he on a job hunt for a new employer
Gotta feed his son and his two daughters
No, he don't sell dope cause he got morals
And his kids future's what he looking forward to
And he got a girlfriend he'd want to give more to
And she got a broken list of shit he can't afford to do
He's got a job interview 's got court too
Let's wish you luck and I hope you find a horseshoe
He trapped in the trap

The bills passed due, got caught crossing fines

Every time he hear a car passing he looking at the blinds
Got a second job, he know that he gotta grind
Can't feed his kids with the sings that he tryin'
But daddy's strong so why daddy cryin'?
Found out mama's fucking niggas on the side
And he had hopes of making her a bride
But she fucking dope buds in the mean time
Niggas like us plan to see why
For the money and the jewels and the riots
We give addict and we kick her to the side
And she can go home if she want quality time
And she make it home every morning 'round five
He can only look at her at the corner of his eyes
But he trapped in a trap

Feeling like his living situation need adjusting

Staked out at home boy house ain't stalking
