

True Indeed

Don Trip

(What's up, Juwop?)
(Beat those drums)
If they ain't fuckin' with me
Fuck 'em if they ain't fuckin' with me
Fuck 'em if they ain't fuckin' with me
Yeah, yeah

Two clips on me, you know how I'm rockin'
Stashed a quarter-million dollars in the safe deposit
I'm a million-dollar man now, Teddy DiBiase
Look at that, I'm still droppin' like a leaky faucet
Fuck 'em if they ain't fuckin' with me
Count this paper in my sleep, I got more than I can keep
Keep the rats away from 'round me, I got all this cheddar cheese
You say it's cheaper to keep her, I can afford to let her leave
They kicked in big homie door, now they gon' take him off the streets
He was in there pressin' keys, you'd think he was makin' beats
He said he not comin' home until like 2033
This is why I don't complain, somebody's got it worse than me
True indeed
Fuck 'em if they ain't fuckin' with me
Count this paper in my sleep, I got more than I can keep
Count my blessings while I'm at it, I'm alive and well and free
Looking for my competition, now ain't no one left but me
And I'm well-winded
Fly-ass nigga, I'm tailspinnin'
I don't fuck with no squares, but in my circle, we do square business
'Round here, we don't tell business
In my bed, ain't no pillow talk
Nigga said he'll do what to me?
I'm at your door like Instacart
At your door with that pistol drawn
I made my point like a pencil sharpener
Mama said ever since kindergarten
I been throwed like ninja stars
That's alright with me
Seein' as I'm the only person I could be
I guess the question is, when I look in the mirror, am I pleased?
True indeed
Fuck 'em if they ain't fuckin' with me
Count this paper in my sleep, I got more than I can keep
They said I been gainin' weight, I said my bank account obese
Guess my stomach in the way 'cause I still ain't seen defeat
True indeed

Fuck 'em if they ain't fuckin' with me
I got-, yeah
True indeed
Fuck 'em if they ain't fuckin' with me
Wait, long live Pif
