

# It's About Time

Don Williams

Well, finally I see the lovelight in your eyes  
I can feel it when I hold you and you breath that little sigh  
It took awhile but now at last I finally understand  
All I want to be is be your man.

Oh, it's about time, you've been drivin' me crazy  
Wonderin' if your love for me would ever come around.  
Oh, it's about time, you've been drivin' me crazy  
Take my hand and let's enjoy the love we finally found.

Well, I took it slow and drcided to show my love is here to sta  
y  
Now, I'll be here tomorrow lovin' you more than today  
Although somebody hurt you so many times before  
Well, no one's gonna hurt you anymore.

Oh, it's about time, you've been drivin' me crazy  
Wonderin' if your love for me would ever come around.  
Oh, it's about time, you've been drivin' me crazy  
Take my hand and let's enjoy the love we finally found.

Oh, it's about time, you've been drivin' me crazy  
Wonderin' if your love for me would ever come around.  
Oh, it's about time, you've been drivin' me crazy  
Take my hand and let's enjoy the love we finally found.
