

Soul Ram

Donald Fagen

Jolly tricks and politics
May mess you up
Soul Ram
Little men with stick pins
Leave you high and dry
Soul Ram
Baby runs the show
She's got a Soul Ram
Understand
Who could know
That she'd be up on top
All night long
Never stop
Right or wrong
Carousels and wishing wells
Are fine for some
Soul Ram
After dark
Tacoma park
Can sure be fun
Soul Ram
Baby oughta know
She's got a soul ram
So well planned
I suppose that
She don't need her friends
Anymore
Just pretends
Knows the score
Baby let it roll
She's got a soul ram
In her hand
Never knew
She dug the heavy stuff
Steely Dan
Play it rough
Back door man
Jelly roll
can't save your soul
This mama can
Soul Ram
