

Overture

Donald Lawrence

Faith is a substance of things hoped for
The evidence of things not seen
I have learned that faith lives beyond natural senses

You can't see it, touch it
You just gotta know that you have it

See, life has taught me
We must have faith in order to please the Lord
There will be days of doubt
When no one pat you on your back
But you have to stand tall in faith
Look in the mirror and say
Today I'm gonna encourage my own self

It may not be compensated
You may never every get a compliment
But be not weary in well of doing, for in due season
You will reap if you faint not

And when that harvest comes
When it comes
You will throw your hands up in the air and you'll say
I feel seasons everywhere
I feel blessing in the air
And you'll smile
And you'll walk into all of your seasons

The promises of God are just like the air
They're everywhere
All you got to do is breathe
And say like David say
I have never seen a righteous forsaken
Nor his seed go begging bread

My friend Clark used to say it like this
I like living this kind of life
Yo, this is a blessed life

God rised the end of the story
Even before the beginning
You are evolving into you greatest yet to be

And as you mature
And when you are ready
You can pray as Jabez pray
As Andrae Crouch wrote
Say bless me

Bless me indeed Lord
Enlarge my territory
And as you do this
You're not asking for something he hasn't already done
By faith you're accessing what was provided for you
When he layed the foundations of the world

It is a finished work

You are that seed by faith received
The blessed of Abraham
My brothers, my sisters
Get your inheritance
