

Ultimate Relationship

Donald Lawrence

It's about the things you say to me in the A.M.
It's about the way you hold me in the A.M.
Somethin' 'bout a sweet rendezvous in the A.M.
God, I like spendin' time with you in the A.M.

It's about six and the sun is on its way up
I'm half asleep waiting for your touch to lift me up
I like the way you call me, the way you whisper peace
Things you reveal, God, I know you're real
Nothin' like the way you make me feel

It's about the things you say to me in the A.M.
It's about the way you hold me in the A.M.
Somethin' 'bout a sweet rendezvous in the A.M.
God, I like spendin' time with you in the A.M.

I have to admit, this is the way to start the day
Captured in love, Jesus, your love takes me away
I love the way you call me, the way you whisper peace
The things you reveal, God, I know you're real
Nothin' like the way you make me feel

It's about the things you say to me in the A.M.
It's about the way you hold me in the A.M.
Somethin' 'bout a sweet rendezvous in the A.M.
God, I like spendin' time with you in the A.M.
What you do to me, I just can't explain

It's about the things you say to me in the A.M.
It's about the way you hold me in the A.M.
Somethin' 'bout a sweet rendezvous in the A.M.
God, I like spendin' time with you in the A.M.
