

# Shine

Donavon Frankenreiter

You and I, girl, are like a sun and moon  
Lately you've been in orbit in my head like a good summer tune  
You and I are we never gone apart  
But I didn't have to tell you then  
Cause you knew it back from the start, yeah

Just tell me yes I do  
Cause I can't go on without you!  
Gonna let our love shine  
To the end of time, oh  
Gonna let our love shine  
To the end of time, to the end of time

You and I, girl, like a brick on the street  
Interlocking and woven beneath everybody's fear  
You and I, girl, like a breeze that blows  
Sometimes were coming and were going, but nobody knows

Just tell me yes I do  
Cause I can't go on without you!  
Gonna let our love shine  
To the end of time, oh  
Gonna let our love shine  
To the end of the time, to the end of time

Gonna let our love shine  
To the end of the time  
Gonna let our love shine  
To the end of time, oh  
Gonna let our love shine  
To the end of time, oh  
Gonna let our love shine  
To the end of time, oh  
Gonna let our love shine today
