

Stay Young

Donavon Frankenreiter

Oh, don't you lose that light in your eyes
It's never too late to love, never too late to try
If somebody loves you
Give them all you can gibe

When you're living in love
I said you're loving to live

Oh, don't you feel like playing the fool
Step out of line, break all the rules
Don't let them tell you it's not for you
Don't go growing old before you are through

I said stay young, keep your wheels in motion
You've got everything that you need
Stay young with your rock and rolling
'Cause the best things in life are free

Oh, don't you lose that light in your eyes
It's never too late to love, never too late to try
If somebody loves you
Give them all you can gibe

When you're living in love
I said you're loving to live

Stay young, keep your wheels in motion
You've got everything that you need
Stay young with your rock and rolling
'Cause the best things in life are free

Stay young, keep your wheels in motion
You've got everything that you need
Stay young with your rock and rolling
'Cause the best things in life are free

I said stay young, keep your wheels in motion
You've got everything that you need
Stay young with your rock and rolling
'Cause the best things in life are free
