

## West Coast Fool

Donavon Frankenreiter

They say a man should never cry  
But thats what it looks like youve been doing inside  
I won't forget what was  
Said in the end  
I got a feeling it was misunderstood instead

You dont treat a friend like that  
You dont treat a brother like that  
And when your sun goes down  
I won't be around  
And when your sun goes down  
I won't be around  
You say youre this other man  
This big old southern plan  
Youre just a west coast fool  
A west coast fool  
I would never wanna be you

You become a person that you never  
Wanted to be  
Like the ones who treat you like your  
Treating me  
Sometimes money can't make people  
Take a stand  
When its lost its meaning whos left to  
To understand

You don't treat a friend like that  
You don't treat a brother like that  
And when your sun goes down  
I won't be around  
And when your sun goes down  
I won't be around  
You say youre this other man  
This big old southern plan  
Youre just a west coast fool  
A west coast fool  
I would never wanna be you  
Aw no no
