

All Mine

Dondria

I give you all of my time, cuz baby you're mine
You're the very best part of me
I wanna give you everything, everything
All of my time, cuz baby you're mine
You're the very best part of me
I wanna give you everything, everything, yeah

Used to crush on you, damn now I love you
We're the shit baby, we're a power couple
All these bitches want me, all these niggas want you
On everything I'll never let these hoes get one up on you
Spend a check on heels, to increase your sex appeal
Forever dressed to kill, and it gets better still
I'm talking his and hers, from the shoes to the jewels
Was sleeping on you wasn't they? Tell them you snooze you lose
I put my chain on you, I put this thang on you
You put my name on you, I'll never change on you
You say the same don't you? So we be holding on
High's and low's no matter how it goes we going strong

You mine, yep yep you mine yep
You mine, yep yep you mine yep
All Mine, All Mine, All Mine, All Mine
You mine, yep yep you mine yep
You mine, yep yep you mine yep
All Mine, All Mine, All Mine, All Mine

I give you all of my time, cuz baby you're mine
You're the very best part of me
I wanna give you everything, everything
All of my time, cuz baby you're mine
You're the very best part of me
I wanna give you everything, everything, yeah

Time stands still when it's you and I
When we cross the line, girl I come alive
For you, and only you
We do, whatever we want to
Cuz time, is on our side, yes it is
And I, got so much, to give cuz
