

## Him

Dondria

Mirror mirror on the wall  
I don't need a prince charming  
Just an answer when I call  
Instead of Sara sayin sorry  
One more dial tone  
One more baby I'm busy  
One more night with the fellas  
Watch a nigga come and get me

I bet he watchin my story hopin that you'll be off my feed, yeah-yeah, yeah-yeah  
I bet he'll make time for me let me know I'm priority, yeah-yeah, yeah-yeah

Yea he want me  
But he don't need me  
He been beggin for my time  
Put it all on the line  
Just so he could see me

You don't love me like him  
You don't love me like him  
Betta get it right  
He want in my life  
He puttin the time in

Mirror mirror on the wall  
I don't need the perfect picture  
Just someone who'll give it all  
Shouldn't have to cry a river  
One more sad song  
One more baby forgive me  
One more situation  
Watch a nigga come and get me

I bet he watchin my story hopin that you'll be off my feed, yeah-yeah, yeah-yeah  
I bet he'll make time for me let me know I'm priority, yeah-yeah, yeah-yeah

Yea, he want me  
But he don't need me  
He been beggin for my time  
Put it all on the line  
Just so he could see me

You don't love me like him  
You don't love me like him  
Betta get it right  
He want in my life  
He puttin the time in

He got me dreamin bout a love  
That I've never felt before  
You got me lookin somewhere else  
For the things I needed you for

I ain't never felt this  
But you don't love me like him

You don't love me like you used to boy  
Hate it's comin to an end  
Don't need to pretend  
Don't need to be friends  
I ain't puttin me thru this again

Ohh, cuz he want me  
But he don't need me  
He been beggin for my time  
Put it all on the line  
Just so he could see me

You don't love me like him  
You don't love me like him  
Betta get it right  
He want in my life  
He puttin the time in
