

Lose Myself

Dondria

I don't wanna lose you
But if I have to
Then baby oh well
Cuz I'd rather lose you
Than lose myself

So do what you gotta do
I'll do what I gotta do too
And I wish you well
I'd rather lose you
Than lose myself

Sorry for mistakes that I made
Sorry I was tryna find my way
What you've done for me made me this way
I can feel it fade
Wish I didn't but I need a change

And I fight the way I do because of you
Never thought that I would have to choose
What was best for me over you
Catch 22
God help me thru

I don't wanna lose you
But if I have to
Then baby oh well
Cuz I'd rather lose you
Than lose myself

So do what you gotta do
I'll do what I gotta do too
And I wish you well
Cuz I'd rather lose you
Than lose myself

Sorry time away made me change
Sorry I'm not movin' at your pace
But there'll never be a perfect time or place
I've been holding space
But how I'm feeling just won't go away

And I know that this may sound extreme
The time away from you has shown me, me
Where we are ain't where I wanna be
Hate that what I want might not be what I need

I don't wanna lose you
But if I have to
Then baby oh well
Cuz I'd rather lose you
Than lose myself

So do what you gotta do
I'll do what I gotta do too
And I wish you well
I'd rather lose you

Than lose myself
