# Do It All

**Donell Jones**

It's Saturday it's so hot,
Gotta get fresh and crispy (yeah)
Schedule is tight, peep agenda
Get the car washed - holla at my barber
And get the usual cut
I keep my celly on vibrate
Knowin' that she goin get me
Half black with a little Puerto Rican
At the 4040, met 'er last weekend
Now I know you gettin' me

I don't mean to push up
But shorty so fly
Neighboring with a big butt
It's more than my eyes can handle (whoa)
She make me wanna go the extra mile

I just wanna to do, do it all
And not worry bout the dough, the money I spent
Cuz for her, I'll blow it all
I never met a girl worth the whole nine yards
Said I'll do it, do it all
And with a little romance, like back in the days
I keep ya comin' back yeah (comin' back)
I keep ya comin' back yeah

And as the night winds down
We ain't thinkin' bout sleep (naw)
Straight up to 12th floor suite (yeah)
At the Embassy deep in the sheets (it's all neat)(yeah)
And with a Shakespeare style
I get the drawbridge to her castle (castle)
Won't be no hassle (no hassle)
She'll be givin' me the red light special (so special)

I don't mean to really push up
But shorty so fly
Neighboring with a big butt
It's more than my eyes can handle (whoa)
She make me wanna go the extra mile

I just wanna do, do it all
And not worry bout the dough, the money I spent
Cuz for her, I'll blow it all
I never met a girl worth the whole nine yards
Said I'll do it, do it all
And with a little romance, like back in the days
I keep ya comin' back yeah (comin' back)
I keep ya comin' back yeah

(Don't) don't (blame) blame (me for)
For being just little bit old fashioned
She's a little more than average

And I just wanna do, do it all
And not worry bout the dough, or money I spent
Cuz for her, I'll blow it all

I never met a girl worth the whole nine yards
Said I'll do it, do it all
And with a little romance, like back in the days
I keep ya comin' back yeah (comin' back)
I keep ya comin' back yeah
