

# I'll Go

Donell Jones

Gotta break it on down  
Gotta break it on down  
Break it on down

I'm gonna be right there for you  
Whenever you need me my boo

Never thought I'd know such pleasure  
Never thought I'd come to feel  
Tenderness of your touch  
The good taste of your sweet love  
The sexiness of your appeal  
When you smiled I saw angels  
And all my worries disappeared  
You looked at me with your heart  
Blessed me with your wonder  
And heard my future in your ear

So,  
Wherever you from that's where  
I'll go  
However you glide that's how  
I'll go  
Wherever you shine that's when  
I'll go  
It don't matter the time, baby  
I'll go

It was like a trip to heaven, yeah  
A fantasy come true  
There is no greater wonder  
A spell you got me under  
Whatever you ask of me  
I'll do

Uh, uh, uh  
Gotta break it on down  
Gotta break it on down  
Break it on down  
Whenever you want me baby  
Whenever you need me baby  
Whenever  
Said whenever you want me  
Oh yeah, whenever  
However  
You want it baby  
Whenever you need it baby  
Say when you want it  
And when you need it baby  
You want it baby  
Whenever you need it baby

Whenever, however  
(I'll go)  
If you want it baby  
Whenever you want it baby  
(I'll go)

Said when you want it  
And when you need it  
(I'll go)  
If you want it baby  
Whenever you need it  
(I'll go)
