

The Cricket Song

Donna Fargo

Once I had a cricket who was all mine
He never hurt a person I know
He was a real true friend of mine
Yeah, a real true friend of mine

Have you seen my cricket friend running 'round
Lord knows, I just miss him so
But he can't be found
No, he can't be found

Once I had a bullfrog who was all mine
He wouldn't hop for no one else
He was a real true friend of mine
Yeah, a real true friend of mine

Have you seen my bullfrog friend running 'round
Sometimes I just miss him so
But he can't be found
No, he can't be found

Once I had a sweetheart who was all mine
He never loved no one else
He was a real true friend of mine
Yeah, a real true friend of mine

Have you seen my sweetheart friend running 'round
Lord knows, I just miss him so
But he can't be found
No, he can't be found

Once I had a cricket who was all mine
He never hurt a person I know
Was a real true friend of mine

Once I had a bullfrog who was all mine
