

## Don't Ask

Donna Lewis

Don't ask  
Don't ask the question  
Don't ever ask me  
Don't even see

Cause I will always, always be here  
Every moment I tell lies  
Just don't ask me the question  
Let's just live it for today

But just don't ask me the question  
Let's just live it for today
