

## Love & Affection

Donna Lewis

Nobody ever could love you  
'cos you were never within easy reach  
but when I set my eyes on you  
I knew that you were the one for me  
and I was never shy too shy with you baby  
I just took my time to get close to you  
reached inside to open your heart face to face  
I just can't wait for you to kiss me baby drown me with your af  
fection touch me wrap me up in your arms  
'cos you really move me  
kiss me baby drown me with your affection  
touch me wrap me up in your arms  
'cos you really move me

I've never felt such emotion never needed to cherish someone  
but now I've found you I think you feel it too  
let me show you heaven on earth  
and I will always be your guide to perfection  
doubt no more you gotta let love take a hold  
and let me take your hand,  
and lead you into my garden of love

kiss me baby drown me with your affection  
touch me wrap me up in your arms  
'cos you really move me  
kiss me baby drown me with your affection  
touch me wrap me up in your arms

'cos you really move my soul  
how can I retain my self control  
don't you know I'm crazy about you baby  
so come on and drown me with your love and affection affection

touch me wrap me up in your arms
