

Summertime

Donna Lewis

Ooh, la la la la la
It's a Shangri-La
Where we are

Non-stop love on the highway
Roof down and babe it's a new day
Turn my music up
Turn my music up
Sunshine and boots on the back seat
Your mountain breeze on my bare feet
Turn my music up
Turn my music up

Sitting on a sandy beach
With you right beside me
With your sun-kissed lips and the taste of life
Yeah, you're my summertime
Happily
Just you and me
With your sun-burnt cheeks and a big old smile
Yeah, you're my summertime

Ooh, la la la la la
It's a Shangri-La
Where we are

Just lie, lie with me now
Look at the stars, stars with me now

I wanna be in the middle of nowhere
The only two people in the world, we don't care
It's crazy
We just happy

Sitting on a sandy beach
With you right beside me
With your sun-kissed lips and the taste of life
Yeah, you're my summertime
Happily
Just you and me
With your sun-burnt cheeks and a big old smile
Yeah, you're my summertime

Ooh, la la la la la
It's a Shangri-La
Where we are

Good day, sunshine
Moonlight, your eyes
Good friends, good times
(You're my summertime)
Palm trees, carefree
Lazy memories
Good friends, good times
(You're my summertime)

Ooh, la la la la la

It's a Shangri-La
Where we are

Sitting on a sandy beach
With you right beside me
With your sun-kissed lips and the taste of life
Yeah, you're my summertime
Happily
Just you and me
With your sun-burnt cheeks and a big old smile
Yeah, you're my summertime

Ooh, la la la la la
It's a Shangri-La
Where we are
Yeah, you're my summertime
