

You Burned Me

Donna Missal

Took me to Mexico
Told me to settle down
No matter where we go
We always come back around

Didn't want to do it the hard way
Guess we're gonna do it the hard way
Took me to Mexico
I'm going home alone
We're going up in flames

Someday
We'll both be
Seeing from the other side
But baby
You hurt me
Your words keep turning the knife
I been looking for reasons
Not to feel what I'm feeling tonight
But baby
You burned me
You burned me for the last time

Took me to indio
Laughed till we couldn't speak
It was so beautiful
We could see underneath

How'd we ever get to the hard way?
Guess we're gonna do it the hard way
Took me to indio
I'm going home alone
We're going up in flames

Someday
We'll both be
Seeing from the other side
But baby
You hurt me
Your words keep turning the knife
I been looking for reasons
Not to feel what I'm feeling tonight
But baby
You burned me
You burned me for the last time

Someday
We'll both be
Seeing from the other side
But baby
You hurt me
Your words keep turning the knife
I been looking for reasons
Not to feel what I'm feeling tonight
But baby
You burned me
You burned me for the last time
