

# Maybe It's Over

Donna Summer

You were the first  
And you taught me how to love  
And you'll always stay close to my heart  
But it would not be fair if I wouldn't tell you now

That it's over, baby it's over

You took this lonely child  
And you taught it how to feel  
You took the rain clouds from my eyes  
You made fantasy seem real  
Still it hurts me so inside  
But I can't change and I can't hide

That it's over, maybe it's over

Oh now, I know you're not the one  
It's me  
I've changed inside  
I feel a need to be free  
It's over  
Maybe baby it's over

I was a lonely girl  
Just calling out for him  
You taught me how to live  
You taught me how to love myself  
Still it hurts me so inside  
But I can't change and I can't hide

That's it's over, baby it's over

Oh, now I know you're not the one  
It's me  
I've changed, changed inside  
I feel a need to be free

It's over  
Maybe baby it's over  
It's over  
Please don't hate me  
But it's over

Don't you know that I love you  
Don't you know that I care  
Don't you know that I love you  
But I can't always be there  
It ain't you  
No, it's me  
Gonna fly like a bird  
Fly like a bird  
Yeah, I must be free
