

# How You Gonna Mend It?

Donnie Iris

Some nights I scream into my pillow  
Feels like I can't breathe  
How you gonna mend  
How you gonna mend it?

I'm sick for you  
And I'm tired of your disease  
How you gonna mend  
How you gonna mend it?

For jealous lies  
You apologized but  
How you gonna mend  
How you gonna mend it?

I saw you kissing him  
With my own eyes but  
How you gonna mend  
How you gonna mend it?

I trusted you  
But now it's all gone bad  
How you gonna mend  
How you gonna mend it?

I know you know  
What's happened is just sad  
How you gonna mend  
How you gonna mend it?

I wash my face  
I wash my hands  
How you gonna mend  
How you gonna mend it?

But I can't erase  
The memory of your misery dance no  
How you gonna mend  
How you gonna mend it?

The devil reached out  
You grabbed his hand  
How you gonna mend  
How you gonna mend it?

You coulda walked away  
You had your chance  
How you gonna mend  
How you gonna mend it?

Sometimes it seems too crazy  
The way we mess around  
How you gonna mend?  
How you gonna mend it?

Givin' into nature  
Risking losing the good things we've found

How you gonna mend?  
How you gonna mend it?

I hope your little fling was really cool  
How you gonna mend?  
How you gonna mend it?

'Cause I won't be around to play the fool no more  
Can I mend it?  
Can I mend it?

So let us rise  
And drink a toast  
Can I mend it?  
Can I mend it?

Good luck to you and adios  
Can I mend it?  
Can I mend it?

Can I mend it?  
Can I mend it?
