

## I'd Rather Go Blind

Donnie Iris

Than see you with another man  
I'd rather go blind  
Than see you with him  
Lie in his bed and take him inside  
I'd rather go blind

I'd rather go deaf  
Than hear you call his name  
When you make love to him  
Hear you moan like you moan for me  
I'd rather go deaf

Now I want you to be happy  
So don't think I'm unkind  
But if it's got to be with someone else  
I'd rather go blind

I'd rather not speak  
Than tell you a lie  
Rather say nothing  
Than compromise

Baby, I love you  
I want you to be all mine  
Anything less, I'd rather be blind  
I want to possess you  
I want you to be all mine  
See you with another man  
I'd rather go blind
